In addition, included in the total comprehensive income attributable to the owners of the Company for the Period is the significant other comprehensive income of approximately HK\$2.1 billion and HK\$1.2 billion in respect of fair value changes of the SJB Shares and Evergrande Shares respectively.

The Company is in the process of finalising the Group's interim results for the Period. The information contained in this announcement is only based on a preliminary assessment by the Management on the unaudited consolidated management accounts of the Group and is not based on any figures or information that have been audited or reviewed by the Company's auditors, and may be subject to amendments. **Shareholders and potential investors are advised to exercise caution when dealing in the shares of the Company and, in case of doubt, to seek independent advice from professional or financial advisers.**

This announcement is made by Chinese Estates Holdings Limited (the “**Company**”, together with its subsidiaries, collectively the “**Group**”) pursuant to Rule 13.09(2)(a) of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “**Listing Rules**”) and the Inside Information Provisions (as defined in the Listing Rules) (“**Inside Information**”) under Part XIVA of the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong) (the “**SFO**”).

The board of directors of the Company (the “**Board**”) wishes to inform the shareholders of the Company (the “**Shareholders**”) and potential investors that based on the information currently available to the management of the Company (the “**Management**”), it is expected that the Group may record a substantial decline in the revenue (the “**Revenue**”) ranging from 60% to 70% and a decrease in the consolidated net profit attributable to the owners of the Company (the “**Profit**”) ranging from 8% to 18% for the six months ended 30 June 2017 (the “**Period**”), as compared with the revenue of HK\$1,945 million and the consolidated net profit attributable to the owners of the Company of HK\$2,931 million for the six months ended 30 June 2016.

Following are a number of reasons which led to a substantial decline in the Revenue and a decrease in the Profit:-

- (1) Disposals of subsidiaries. Disposal of subsidiaries holding certain shops of Lowu Commercial Plaza located in Shenzhen, the People’s Republic of China (the “**PRC**”) (the “**Pinecrest Disposal**”) was completed in February 2017. In addition, disposals of subsidiaries holding Evergo Tower in Shanghai, the PRC (the “**Evergo Shanghai Disposal**”) and Windsor House (the “**Windsor Disposal**”) were completed in June and September 2016 respectively. Notwithstanding the acquisitions of properties located in London, the United Kingdom (including a mixed use building located in 11 and 12 St James’s Square and 14 to 17 Ormond Yard in May 2017, office building located in 14 St George Street in April 2016 and mixed use building located in 61-67 (odd) Oxford Street and 11-14 Soho Street in May 2016), subsequent to the completion of the Pinecrest Disposal, the Evergo Shanghai Disposal and the Windsor Disposal, the Group’s rental revenue has been significantly decreased ranging from 45% to 55% which led to decrease in net rental income for the Period when compared with that for the first half of 2016. Furthermore, upon completion of the Pinecrest Disposal and disposal of subsidiaries holding a property development situated at No. 12 Shiu Fai Terrace, Mid-Levels East, Hong Kong (completed in February 2017), the Group recorded gain on disposals of subsidiaries in aggregate of approximately HK\$143 million (subject to audit and adjustment) for the Period as compared with HK\$1,998 million for the first half of 2016.
- (2) Decrease in sales of trading properties. During the Period, sales of trading properties being comprised of residential units and parking spaces at 55 Conduit Road (70% interest), residential units and retail properties at One South Lane (100% interest) and parking spaces at The Zenith (87.5% interest) have recorded approximately HK\$426 million in the Revenue as compared with sales of residential units and parking spaces at 55 Conduit Road of HK\$1,480 million for the first half of 2016; and have contributed attributable profit (including share of results of associates) of approximately HK\$159 million as compared with HK\$658 million for the first half of 2016.
- (3) Imputed interest income from deferred consideration receivables. Following the disposals of subsidiaries holding Chengdu project and Chongqing project in the second half of 2015 and MassMutual Tower (now known as China Evergrande Centre) in January 2016, part of the respective considerations of the respective disposals would be received over one year from the respective completion dates. Accordingly, the deferred consideration receivables were initially recognised at fair value and subsequently measured at amortised cost. During the Period, the Group recorded imputed interest income of approximately HK\$762 million (2016: HK\$474 million) from the deferred consideration receivables.
- (4) Income from listed investments held-for-trading and treasury products. The Group has in the ordinary and normal course of business conducted its securities investment activities for years. During the Period, based on the preliminary assessment, it is expected that the Group would record a net profit of approximately HK\$1,083 million from the segment of the listed investments held-for-trading and treasury products as compared with that of HK\$434 million for the first half of 2016. Such net profit includes realised gain (loss) on disposals; unrealised gain (loss) on changes in fair values; and net income from interest income, other net investment income and other net finance costs. The increase was mainly attributable to, among others, the

unrealised gain from bonds issued by financial institutions during the Period. The Group believes that the increase in bond price of bonds issued by financial institutions in the first half of 2017, among others, was because of the banks in European Union facing a more stable political environment and recovering economy in the first half of 2017. In addition, the hike in interest rate means banks' profitability would improve as their interest spread widens.

- (5) Income from financial assets measured at fair value through other comprehensive income. The Group would record a net dividend income of approximately HK\$147 million (after withholding tax and transaction costs) from 577,180,500 H shares of Shengjing Bank Co., Ltd. (Stock Code: 2066) (the “**SJB Shares**”) during the Period as compared with HK\$171 million for the first half of 2016.
- (6) Gain on fair value changes on investment properties. The Group’s investment properties were revalued as at 30 June 2017 and gain on fair value changes of approximately HK\$247 million would be recorded for the Period as compared with the fair value as at 31 December 2016. The gain on fair value changes in the first half of 2017 was mainly derived from Harcourt House. In the first half of 2016, loss on fair value changes on investment properties of HK\$891 million was recorded. The fair value change is a non-cash item and will not affect the cash flow of the Group.

In addition to the substantial decline in the Revenue and the decrease in the Profit which constitute profit warning and Inside Information of this announcement, reference is made to the Company’s announcement dated 4 July 2017 (the “**July Announcement**”) that it is expected that the Group would record significant other comprehensive income attributable to the owners of the Company for the Period which comprised realised gain on fair value change from the SJB Shares Disposal (as defined in the July Announcement) of approximately HK\$2.1 billion (adding the net dividend income of approximately HK\$147 million as mentioned in point (5) above, reaching the net gain attributable from the SJB Shares of approximately HK\$2.3 billion, which would be included in the consolidated statement of comprehensive income for the Period as mentioned in the July Announcement), and unrealised gain on fair value change of the Evergrande Shares (as defined in the July Announcement) of approximately HK\$1.2 billion.

The Company is in the process of finalising the Group’s interim results for the Period. The information contained in this announcement is only based on a preliminary assessment by the Management on the unaudited consolidated management accounts of the Group and is not based on any figures or information that have been audited or reviewed by the Company’s auditors, and may be subject to amendments. Details of the Group’s financial information will be disclosed in the forthcoming interim results announcement which is expected to be published in late August 2017.
